Download your website's databases Backups

- 2022-11-19 - Backup/Restore

With this service, you can download your databases backups locally to your pc.

1. Log in to your <u>Control Panel</u>.

2. In the "Hosting Plans" area of your control panel, click on the hosting plan you wish to restore.

3. Find the Backup/Restore service and click on the icon as seen below.

	ANAGER		Search another domain:	Type you domain	- MANAGE
MYDOMAIN.G	SR			Expiration Date: 01/0	6/2015 (Renew)
t	3			(	2
Upgrade	Renew	Resend Email	Manage Hosting		Backup/Restore Service

4. Go to "Backup Tab"  $\rightarrow$  "Databases Backups" tab  $\rightarrow$  click on the domain you wish to restore.

5. You now see a list with the daily Backups of your database. Find the date of the Backup you wish to download and click "Prepare for download".
