

## How can I become a Gold Reseller?

- 2022-12-15 - Domain Resellers

In order to become a Gold Reseller, you will need to:

- 1) Fill in the Reseller form that you can find [here](#) - if you already are a Simple Reseller, you can skip this step.
- 2) Buy the amount of 50€ in the form of credits through your Papaki Control Panel and inform our Resellers Department.

Keep in mind that you can spend these credits in services such as domain registrations/renewals etc. To buy the credits, after having logged into your Papaki Control Panel, you will click on the option "My account"-> "Credit Management".
