

Where can I find my invoices/receipts at Papaki?

- 2022-12-14 - Πληρωμές

All invoice/receipts are sent for the 1st time by email, to the administrator's email or to the specific email you selected during the order process (for invoices).

Thereafter, inside the Control Panel, via "Payment History" you can find and download your invoices/receipts to your computer, in order to print them. This is valid for orders made after the 28th of June, 2011.

The screenshot displays the 'Order Details' window for order number 248385. It features a table with columns for product details, amounts, discounts, prices, VAT, and payment amounts. Below the table, there are sections for 'Invoice Details (Receipt)' and 'Relative Invoices' with links to show or download invoices.
